

BULK GOODS MOBILE DISPLAY

SKU: FD-BG-CR

This custom designed piece was formulated to carry large and heavy loads of product. The centre pole helps you to easily guide large product around your store. Four heavy duty castors contribute to the smooth transition, allowing you to display bulk items in different impulse locations without the strain of continually lifting heavy product.

KEY FEATURES

- Powder-coated, **steel base construction** to support a variety of multi-packs and other heavy product.
- Centre pole (when locked into the base) can be used as a **steering aid**.
- Rounded steel tubing and **rounded corners** on the base for safety precautions.
- Includes an A4 black ticket frame (**interchangeable** so other sizes and colours can be used).
- Heavy duty lockable castors for **easy mobility**.
- **Strong and durable** for many different types of uses in-store.
