

LONGSPAN SHELVING

Strong and robust steel racking system featuring a large weight load capacity - perfect for big or bulky products.

 Black  Grey  White

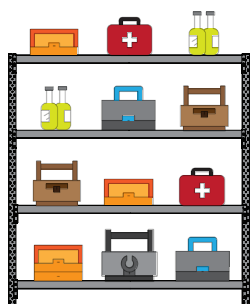

KEY FEATURES

- Premium **quality steel**, powder-coated in black, grey or white.
- 1200mm or 1800mm lengths x 600mm wide x 2000mm high (other configurations available on request).
- Kits available with **2, 3 or 4 shelf levels**.
- Highest **quality structural strength** and flexibility with **529KG rating** per shelf level.
- **Easy to assemble, bolt-together system** - no special tools needed.
- Safety locking system with locking pins included.
- Upright frames are supplied **pre-assembled with horizontal and diagonal bracing** for a robust and sturdy display.
- Frames are **bolted together** rather than welded. This ensures **greater structural flexibility and strength** over a longer period of time and prolonged use.
- Shelves are **retained within the stepped beams**, creating a flush and neat level of display.
- **High storage density** with front and rear access ensures stock can be changed quickly and efficiently.

Add-On Bay

SHELF OPTIONS

RAW PARTICLE BOARD / CHIPBOARD

LS-RA-SF-T6

A cost effective option to fill beams. Sizes suit beam lengths (1200mm or 1800mm) and are 18mm thick for strength and durability.

Colour	 Raw
Shelf Widths (mm)	1200, 1800
Shelf Depth (mm)	600

BLACK MELAMINE

LS-BK-SF-T6

A presentable front of house option with PVC edging on all sides to match the black melamine. Easy to wipe down shelves; perfect for most retail industries.

Colour	 Black
Shelf Widths (mm)	1200, 1800
Shelf Depth (mm)	600

GALVANISED METAL

LS-ZC-SF-M6-600

A good option for wet environments. Durable and strong, metal shelves hold large weight loads and will last for years.

Colour	 Silver
Shelf Width (mm)	600
Shelf Depth (mm)	600

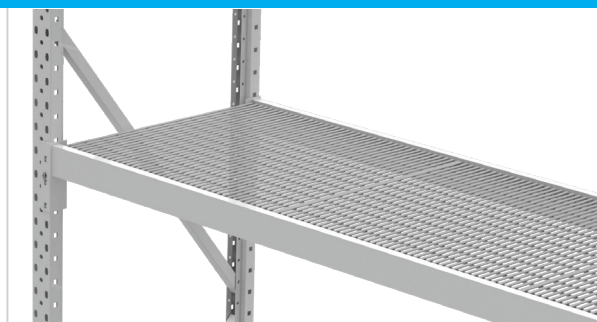

WIRE MESH DECK

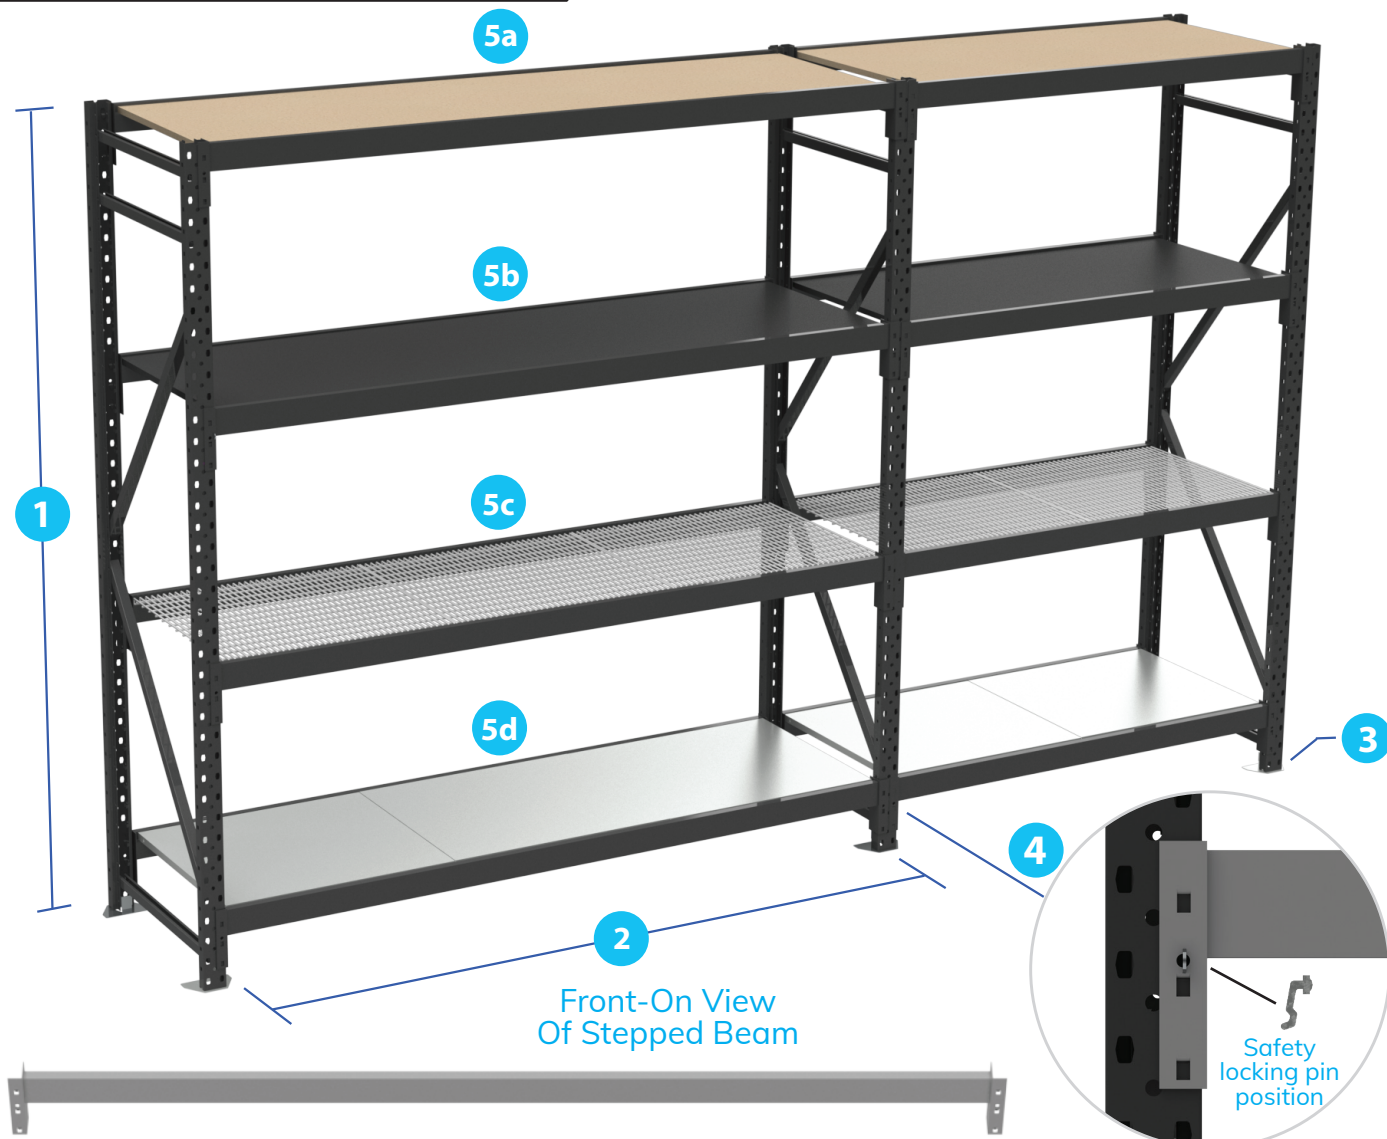

LS-GR-SF-W6-600

Very strong type of shelf. Perfect for heavy merchandise, bulk products and large loads. Doesn't require dusting - meaning less maintenance is involved.

Colour	 Grey
Shelf Width (mm)	600
Shelf Depth (mm)	600

COMPONENTS

ITEM	CODE	DESCRIPTION
1. Upright Frame 2000mm H x 600mm D	LS-xx-U-600-2000	A strong pre-assembled frame with horizontal and diagonal bracing.
2. Beams a) 1200mm L b) 1800mm L	LS-xx-B-1200 LS-xx-B-1800	Beams are stepped for an even and flush shelf surface. Available in two lengths. Holds 529kg per shelf level. Includes safety locking pins.
3. Base Plate Feet	LS-BP	Base plate feet are included in Longspan shelving kits to bolt shelving to the floor.
4. Locking Pins	LS-SLP	A pin for extra safety (included in our longspan kits). It is placed in the middle of the beam where it connects to the upright frame.
5. Shelf Options a) Raw Particle / Chipboard b) Black Melamine c) Grid Wire Mesh Deck d) Galvanised Metal	LS-RA-SF-T6 LS-BK-SF-T6 LS-GR-SF-W6-600 LS-ZC-SF-M6-600	Shelves are available in 4 different styles to suit your merchandise, use, store branding and budget.
