SOLUTIONS IN RETAIL

CLASSIC GONDOLAS

The perfect shelving system for most retail industries.
Designed with slimline brackets and neat shelf edges.

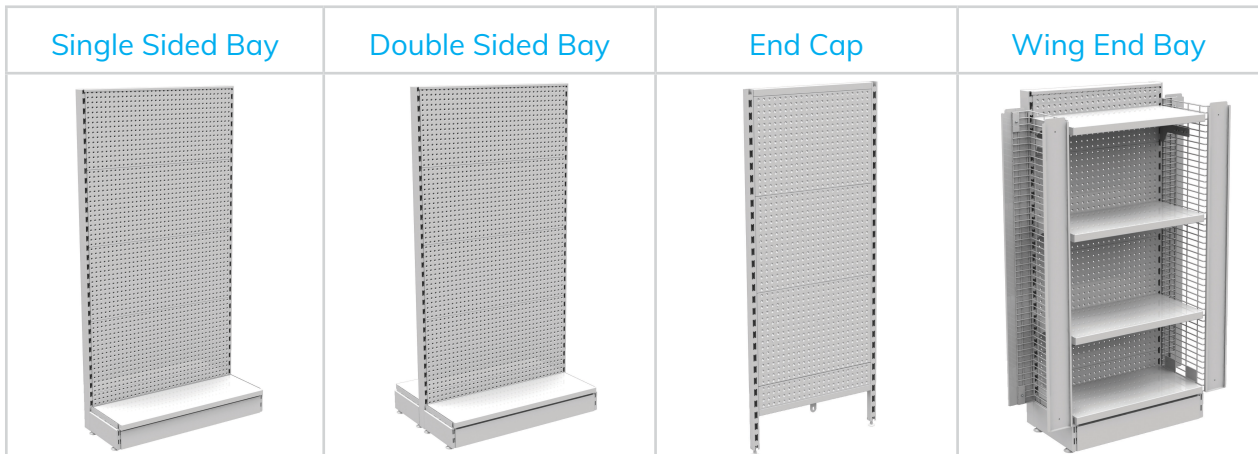

REAR PANEL OPTIONS

KEY FEATURES

- Made from **premium grade steel** and powder coated **white**.
- Uprights are designed with a **50mm pitch**.
- Available with your choice of two rear panels - **volcano pegboard** or **flat metal**.
- Unique volcano pegboard design withstands deflection from heavy loads on pegboard hooks.
- Feet are supplied separate to uprights (achieving savings in freight).
- Streamlined **0.6mm** classic series shelves to support general merchandise for most industries. **No protruding edges** ensures a tidy display.
- **Slimline** brackets concealed underneath the shelves blend in for optimal visibility of product.
- Kits are available with your choice of height, width, backing panels and base shelf depth. Add brackets and shelves separately.
- Customise your display with a variety of accessories including **top covers, front kick plates, wall brackets, wire baskets, shelf risers, drawers, sign holders** or **LED lights!**
